- Dr. Potter about Super’s conference day and DEI guidance and how to make sure that is implemented throughout the district.
- Follow up conversation about it impacts all students.
- Monday night was another meeting NYS school board Assoc. annual business meeting. where they voted on 56 resolutions which define the position which NYS will have on the district re: how to manage pre-k if oversubscribed, universal lunch etc.
- It matters what we advocate for because we have been in an environment that we haven’t been able to control- the impact of state laws. NYS has good intentions but sometimes we can help the state reps understand the unintended consequences on individual districts.
